Managing Machine Learning  
Projects

Human Factors in AI

Sep 15, 2022

**ROBERTO LOFARO**

has successfully completed the online, non-credit Specialization

## AI Product Management

This Specialization provided a foundational understanding of how machine learning works, when and how it can be applied to solve problems, the data science process and best practices in guiding machine learning projects, and the ethical and legal considerations of working with AI. Your new skills should now help you successfully manage the design, development and launch of machine learning based products in your industry.

Jon Reifschneider  
Director, Master of  
Engineering in AI for  
Product Innovation  
Duke University's Pratt  
School of Engineering

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
